Stryker iD™
Individually Designed. Customized Care.

PMMA Customized Implant
Precise Fit. Exceptional Results.
Stryker CMF PMMA Customized Implants are designed specifically for each patient to correct trauma and/or defects in maxillofacial or craniofacial bone. SCCI technology offers excellent anatomical fit and contour allowing surgeons to create exceptional cosmetic results.

Product Highlights

<table>
<thead>
<tr>
<th>Precise Fit</th>
<th>Designed and manufactured to fit within 2mm*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Proven Material</td>
<td>Comprised of PMMA, a biocompatible material with over 40 years of proven clinical performance¹</td>
</tr>
<tr>
<td>Thickness Options</td>
<td>Designed with constant thickness, tapered to thin bone, or matched to native bone upon request</td>
</tr>
<tr>
<td>Radiopaque</td>
<td>Provides scan visibility for post-operative monitoring</td>
</tr>
<tr>
<td>Sterile</td>
<td>Each PMMA Customized Implant kit contains two (2) identical sterile implants and one (1) sterile Host Bone model (defect area), limiting processing risks for the hospital</td>
</tr>
<tr>
<td>Textured</td>
<td>Allows for tissue adherence</td>
</tr>
<tr>
<td>Electronic Approval Process</td>
<td>Online Web Application allows for electronic design approval prior to manufacturing (optional)</td>
</tr>
<tr>
<td>Quick Turnaround</td>
<td>Order for delivery in 2-3 weeks</td>
</tr>
</tbody>
</table>

*Bone growth is a known factor that may influence fit.
Ordering Process

1. Fill out the Customer Order Form completely.

2. During the scan acquisition process, closely follow the CT Scanning Protocol and be sure to use a supported scanner model and media type.
   
   *Note: Our design software is validated for precise fit based on the CT scanning protocol. Scans must be within protocol for an implant to be designed and manufactured.

3. Submit the form and CT data via:
   
   Fax:  (855) 256-2860
   
   Email: CMFCustomizedImplants@stryker.com
   
   Mail:  Attn: CMF Customized Implants
           Stryker Orthopaedics
           325 Corporate Drive
           Mahwah, NJ 07430

4. For online ordering instructions, including electronic upload of CT data; please contact your local Stryker sales representative.

5. Once we have received the CT data, a customized implant will be designed and a graphic rendering will be emailed for approval before manufacturing begins.

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery. The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.

Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: Stryker iD and Stryker. All other trademarks are trademarks of their respective owners or holders.
