A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery. The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.

Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: MEDPOR, Stryker. All other trademarks are trademarks of their respective owners or holders.

Acknowledgements:
Stryker is committed to the ethical collaboration and interaction with Healthcare Professionals. Under the Open Payments Act, also known as the Sunshine Act, Stryker is required to report payments or transfers of value for expenses associated with this event, including travel, lodging and meals.

ADA Statement:
Stryker will be glad to assist you with any special needs (i.e., dietary, etc.).

AdvaMed Code of Ethics Statement:
In compliance with the AdvaMed Code of Ethics, we cannot accommodate spouses/guests at the program. This program is sponsored by Stryker as training and education on Stryker Products pursuant to Section III of the AdvaMed Code of Ethics on interactions with Healthcare Professionals. Products will include: Universal Trauma System, Universal Mandible System, Craniomaxillofacial Instrumentation, Hybrid MMF, MEDPOR implants, and Sonopet®.
