

ProCareServices

Minimize downtime. Reduce costs.

When your goal is to provide exceptional patient care, there's never a good time for equipment downtime. With a ProCare service plan, our maintenance and support experts will help ensure your equipment is continuously ready to deliver optimal performance.

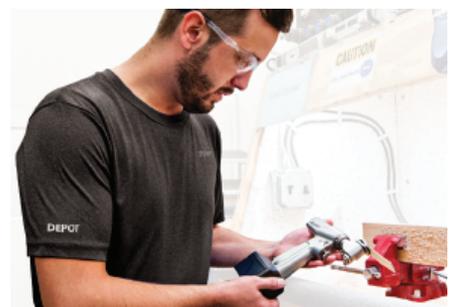

Count on ProCare Services:

- + Increase equipment uptime
- + Maximize equipment investment
- + Equipment repaired to quality standards in accordance with ISO 13485
- + Increase confidence in equipment performance

Reliably **responsive**

The true value of ProCare isn't just in the way our people handle equipment service and repairs. It's in the time you'll save and the hassles you won't have to deal with. Every moment without working equipment is a loss to you, your staff and your patients. When an issue comes up, we'll resolve it as quickly as possible, and make sure you have what you need.

Trusted **partner**

Our team takes pride in knowing our products and the people who rely on them. We're there to answer questions, provide training and support, and help your facility provide the best care possible. We set high standards for ourselves because you should expect the best.

Results that **matter**

You've made a substantial investment in the best medical equipment for your facility – our job is to make certain that you get the most out of that investment. When it comes to service there's no such thing as "good enough."

The right plan for your needs

Service	Transactional service (non-ProCare)	ProCare Protect
PO required for each repair	•	
Proprietary OEM components for all repairs	•	•
Repairs meeting original new-manufacturer specifications	•	•
Overnight replacement shipment		•
Prioritized repairs		•
Flexible payment options		•
Unlimited repairs		•
Repair Replace program		•

A partner you can trust

ProCare Service programs offer you peace-of-mind at a fixed cost. Nobody understands your medical equipment needs better than we do. And nobody’s better qualified to service and repair your Stryker equipment than the people who designed and built it. Let us focus on the things we do best – technology and equipment – so you can focus on providing the highest level of care for your patients.

To learn more about ProCare Services’ ability to reduce equipment downtime and operating costs while extending equipment life, contact your local Stryker sales representative.
